**HUSQVARNA 400 SERIES
TRACK MODELS**
ST 424T, ST 427T, ST 430T

Husqvarna 400 Series snow blowers provide commercial support for the toughest jobs.

Designed for commercial operators, Husqvarna's 400 series snow blowers are a premium option featuring hydrostatic transmissions and steel operator consoles. They provide the durability and maneuverability required to manage the roughest sidewalks, driveways, or common areas and the heaviest snows day in and day out. Husqvarna 400T series snow blowers are the only snow blower to combine the convenience of EFI technology with rough terrain tackling track systems.

EFI and electric start

Provides an easy-to-start engine and consistent power and engine RPM throughout the job.

400 SERIES SNOW BLOWERS ARE POWERED BY HUSQVARNA BRAND ENGINES AND BACKED BY AN INDUSTRY-LEADING WARRANTY.

HEAVY-DUTY

Two stage snow blowers

Husqvarna 300 Series snow blowers are built to tackle the toughest winter conditions.

Designed for landowners who need high-capacity, durability and maneuverability in all snow conditions, Husqvarna 300 Series snow blowers help you perform like a pro. They feature friction disc transmission, power steering for smooth operation, heavy-duty components for maximum durability. Built to take on big areas with heavy snowfalls, Husqvarna 300 Series models provide professional results every time.

Strong cast iron gearbox

Improves the durability of your machine, requires no servicing and provides more stable operation in all conditions.

All features mentioned are not applicable for all models.

EFFICIENT POWER STEERING

Choose drive/traction on either left or right wheel to improve maneuverability, efficiency and reduce operator fatigue.

POWERFUL CAST IRON IMPELLER

The industry's only cast iron impeller is a more effective solution for delivering deep and heavy snow up the chute.

POWERFUL HUSQVARNA ENGINE

New generation Husqvarna engines feature quiet muffler technology, throttle control and a forged crankshaft for years of reliable service.

DURABLE RIBBON AUGER

Improves the mix of snow and air making the snow easier to handle, and thicker steel improves stability and durability.

MEDIUM-DUTY

Two stage snow blowers

Husqvarna 200 Series snow blowers clear the way after big winter snowfalls.

Designed for homeowners who need a high-performance snow blower with the capacity to clear snow from large driveways and paths, these machines are ideal for medium duty, occasional use in all snow conditions (new and old snow; 4" - 12"). Higher levels of comfort and convenience are a result of the improved ergonomic design, industry-exclusive adjustable handle, multi-function dashboard and adjustable skid shoes for use on all surface types.

Effortless power steering

The entire 200 series snow blower lineup features power steering for easy operation, even during the toughest conditions.

Accessories

DELUXE SNOW BLOWER CAB

With heavy duty construction, the roomy cab with large roof overhang protects operator from wind, sleet and snow. Two year factory warranty.
531 30 82-01

SNOW BLOWER COVER

Heavy-duty, water resistant protection against sun, weather, dirt, birds and tree sap. The elastic cord in bottom provides a quick, custom fit for most 2-stage snow blowers.
582 84 63-01

DRIFT CUTTER KIT

Designed to knock the drift down in front of the auger housing during operation preventing snow from falling over the top of the housing and onto the machine.
532 18 36-14

SNOW WEIGHT KIT

One-time installation for all 200, 300, 400 series snow blowers.
598 53 80-01

SNOW HEATED LEVER AND GRIP KIT

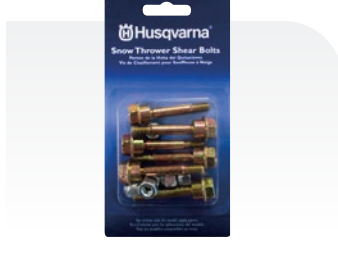

Provides warmth to hands with upper and lower levers while the machine is in use. For all 200, 300 and 400 series snow blowers. Will retrofit 200 series 2015+ 300 series 2018+ and all 400 series.
599 42 39-01

TIRE CHAINS

Ensures grip when using snow blades and snow blowers.
16 x 4 x 8 | 531 03 01-17
15 x 5 x 6 (2014 and later)
587 19 94-02

SHEAR PINS

Retail-ready package includes 6 bolts and nuts and fits most Husqvarna snow blowers.
580 79 04-01

PACKAGED SNOW BELTS (must order in master packs of 5)

Impeller Belts

For 24" and 27" snow blowers
Part Number: 588 64 61-01

For 30" snow blowers (Hi-Crank)
588 84 60-01

Drive Belt

For 24" and 27" snow blowers
588 64 61-02

PRO HEADBAND HEARING PROTECTORS (PADDED)

Lightweight, flexible padded headband with 25dB(A) NRR hearing protector.
531 30 00-89

HUSQVARNA WINTER GLOVES

C100 3M Thinsulate™ traps warm air to help regulate your body temperature.

Medium | 598 42 86-01
Large | 598 42 86-02
X-Large | 598 42 86-03

For current accessories pricing refer to POWER System.

*Qualifies as wheeled unit on the All Year Plan. Product is serialized and floor-plan eligible.

Accessories

48" SNOW BLADE

Independent lift control handle to raise and lower the blade from the tractor seat. Blade angles left or right up to 30°, all from the tractor seat.
Model Number: SB48 | 588 18 13-02*

50" 2-STAGE SNOW BLOWER ATTACHMENT

Electric lift via one-button operation, heavy duty, hydrogear gear box and double ribbon auger diameter.
Model Number: ST50E | 967 34 39-02*

42" 2-STAGE SNOW BLOWER ATTACHMENT

Two 12" diameter serrated input augers pull in snow. High speed impeller propels the snow through the poly chute.
ELECTRIC LIFT
Model Number: ST42E | 587 29 37-01*
MANUAL LIFT
Model Number: ST42M | 967 34 39-01*

TIRE CHAINS

Ensures grip when using snow blades and snow blowers.
18" x 9.5" x 8" | 954 05 02-02

20" x 10" x 8" | 954 05 02-01
22" x 9.5" x 12" | 531 30 71-86
23" x 10.5" x 12" | 954 04 01-11

4-STROKE FUEL - ETHANOL FREE

For easier and more dependable starts. Protects fuel systems and avoids costly rebuilds and downtime.
581 15 88-06
Ships Ground Class 3 Flammable Liquid Group II • Hazardous Material

TRACTOR CAB

4-sided steel frame structure and heavy duty fabric protects from harsh weather conditions.
594 00 85-02

FULL SIZE TRACTOR COVER

Made with water resistant nylon featuring adjustable drawstring and ventilation holes.
588 20 87-02

TRACTOR SEAT COVER

Handy back tool and gear pockets. Fits seat backs up to 15" high.
588 20 87-01
With Armrest Holes:
588 20 87-03

WEIGHT BRACKET AND WEIGHT

Attaches to rear of tractor and can be used as an alternative way to attach wheel weights to a mower.
Weight & Bracket Kit | 505 54 92-01
50 LBS (single) | 954 04 01-02

WHEEL WEIGHTS

Easily fitted wheel weights improve traction when using attachments on your tractor.
62 LBS (pair) | 954 05 05-01

130 LB. TOW BEHIND SPREADER

Tow-behind broadcast spreader with 10' - 12' spread pattern, steel rod flow control lever and heat treated steel gear.
588 18 29-04*

For current accessories pricing refer to POWER System.

*Qualifies as wheeled unit on the All Year Plan. Product is serialized and floor-plan eligible.

Extreme engineering.

Husqvarna engines are the new generation of power. Tested at sub-zero (<-32°C) environments, they run smoother, longer and more efficiently. Designed with convenient features, intuitive controls and quick-response safety features.

Exclusive guarantee.

If the Husqvarna GS (Guaranteed to Start) engine will not start on the first or second pull, then the engine is covered for 5 years and will be replaced or repaired at no cost to the consumer.*

*Provided the routine maintenance required in the Operator's Manual have been performed, and no fuel was left in the snow blower between seasons as noted in the Operator's Manual.

Work hard and stay warm.

With the Husqvarna Xplorer collection, you'll be prepared for the very best outdoor experience, never compromising on comfort, fit – or style.
